"40 Dream Secrets They Don't Want You to Find Out!"

You don't realize it, but in the next few minutes you are going to learn how vital information that you may be receiving every night could hold the key to your happiness, protection, peace and prosperity.

Before we jump into this exciting adventure into dreamland, let's just look at 3 short emails real quick:

Email # 1:

Typical Reader Email

As my email ID says I work for a huge global corporation. These emails have been very interesting. Last night I had a dream.

In my dream, a high position person in my company gave me a big sum of money, to make a Demand draft and then he handed me over his mobile, an instrument which recorded stuff, normally which secretary would used to record meetings, and a Camera, and asked me to keep the same for him and he was going into a meeting and did not want to be disturbed.

He also asked me to look after a small child he had brought along. This is all I dreamt and then I was woken up by the maid in my house as it was 6:30 am in the morning.

I would really like to know what this means, strange dream.

-- Regards, J

Email # 2:

My Response

Thank you for your email. I appreciate it!

Your dream is telling you that a position would be opening up soon in your company and you can get it if you want it and if you are spiritually alert. Otherwise the enemy could capture and transfer it without your knowing it. There are specific prayers you can pray to release it. Let me know if you are interested.

Email # 3:

Result ... A Few Days After

This is the most exciting thing that has happened to me. The dream in my last email has come true. I have been offered the Team Lead position in my team for a period of 4 months, as a test period. After this, if the management feels its working well, it will be continued, and I will get the promotion.

Wonderful things are happening for me and my husband God is opening new door of opportunities... Thanks for your guidance

-- Love and Regards, J

What you have just read is a **typical dialogue that goes on** when any of my serious subscribers runs into a puzzle in the dream. It's a wonderful feeling to be able to understand what's going on in your dream world ... and to take ACTION when necessary.

Now let's go behind the scene and see what really happens ...

First, we'll begin with:

5 Little-Known Facts

- What has a dream got to do with the making of a world champion golfer?

- What did one of the greatest inventors of all time learn in a dream that you and I are still spending our money on the result over 100 years later?
- **How did a dream lead a famous scientist to a discovery that got him the Nobel Prize for Physics?**
- What type of dream was responsible for preserving the life of one of the most infamous persons the world has ever known?
- **How did an unrecognized warning in a dream lead to the death of one of America's greatest presidents?**

By the time you finish reading this series, you will be able to uncover the simple keys that will allow you to understand your dreams and take action when necessary.

As you study every word you will discover:

- Opportunities you should be taking to usher in a new and better life for yourself and your loved ones.
- the significance of dream symbols that bring prosperity such as fruits, trees, certain colors, and even numbers you see in the dream.
- That most dreams are time-sensitive – they should be acted on immediately for best results
- Why certain dreams should be cancelled and the simple prayers to pray and cancel them
- How to pray and exactly what prayers to pray for your good dreams to manifest... quickly
- A simple technique for remembering all your dreams when you wake up so you can take the correct action.

But let me confess something:

**I Did NOT Want To
Write This E-Course!**

Why?

Because I didn't want to sound like one of those psychologists or even the psychics who say all sorts of strange things about dreams.

But as my readers keep writing in and telling me about the dreams they had after praying certain prayer points I realized I will be doing them a disservice NOT to at least give them simple biblical keys they can use to understand their dreams.

So every few days or so, I'll be sending you bits and pieces of this exciting series. It will include true life dreams that gave birth to something you and I are still enjoying today... simply because the dreamer took action based on that dream.

Later in the series I'll follow up with dreams that are not so good (and need to be cancelled) so you'll be equipped to deal with both sides of the equation.

And finally you'll get to use the little spiritual tool that everyone has access to (but most people hardly use) ... that you can use to deal with your dreams situation.

Using this ONE unique tool, you will know ...

How To Catch Your Dream Before It Fades Into Obscurity

You will also learn how to understand what God is trying to tell you through your dreams.

In the next few seconds, we'll see an example of a famous Bible dreamer and interpreter... and how his dream brought him fame, wealth, recognition, power... and how:

God Uses Dreams To Reveal Secrets!

The Bible contains over 28 references to dreams. One of the earliest and most well known is Jacob's dream of a ladder from Earth to Heaven. In the dream, God promised Jacob that all the families of the earth would be blessed through Abraham, Isaac and Jacob. God would return Jacob to the Promised Land.

Joseph

Dreams caused great trouble for Joseph and his brothers. “Here comes the dreamer,” say the brothers. Let’s slay him and then let us see what will become of his dreams” (Genesis 32:19).

Joseph is thrown into a pit and eventually sold to traders, who bring him to Egypt. But Joseph’s understanding of dreams brought him blessings and prosperity.

His interpretation of Pharaoh’s dreams led to his appointment as Prime Minister of Egypt... and saved his family from famine.

Abraham

It was a dream that foretold to Abraham his people’s slavery in Egypt and the eventual Exodus. “A deep slumber descended upon Abraham and a horror of a great darkness enveloped him... Your seed will be a stranger in a land that is not theirs, and will serve them and they will afflict them...” (Genesis 15:12-13).

The covenant between God, Abraham and the people of Israel was revealed in association with this dream.

Daniel

As described in the book of Daniel, the dream of Nebuchadnezzar king of Babylon is also an important Biblical dream.

Nebuchadnezzar dreamed of a tree being cut down, and of being left to graze like a beast.

Daniel explained that this dream was to teach him to acknowledge God above him in the same way as he was above the beasts in the field.

Nebuchadnezzar eventually went insane, and his son Belshazzar assumed the throne. During a feast given by Belshazzar, Daniel saw a message of judgment in God’s handwriting on the palace wall.

He interpreted the writing to the king, “You are weighed in the balances and are found wanting. Your kingdom is divided and given to the Medes and Persians” (Daniel 5:25-30).

That very night the Medo-Persian army captured Babylon and killed Balshazzar, and king Darius became ruler.

Modern Day Christians Just Don't Get It!

Early Christians taught that God might reveal Himself through dreams.

In time dreams fell out of fashion within Christianity.

Why?

Because Martin Luther, the great reformer, believed and taught that **ALL** dreams were the work of the devil.

Of course this was not true... in the light of the teachings of the Bible.

As we've said there are over 28 references to dreams in the Bible.

In both Old and New Testaments, dreams and visions were regarded as revelations from the Spirit.

Contrary to what many people think,

Dreams Were Critical To The Life And Death Of Christ

Although dreams are not as frequent in the New Testament their role is critical in the life and death of our Lord Jesus Christ.

While Joseph and Mary were first together an angel appeared to Joseph **in a dream** with this message: "Joseph... do not be afraid to take Mary to be your wife. For it is by the Holy Spirit that she has conceived. She will have a Son, and you will name Him Jesus – because He will save His people from their sins" (Matt 1:20-21).

The wise men after being guided by a star to the stable where Jesus was born, are "**warned in a dream** not to return to Herod" (Matt 2:12). Joseph is then warned in a dream that "Herod will be looking for the child in order to kill Him. So get up, take the

Child and His mother and escape to Egypt, and stay there until I tell you to leave” (Matt 2:13).

Joseph remained in Egypt until he received these instructions from an angel in a dream: “Get up, take the Child and His mother, and go back to the land of Israel, because those who tried to kill the Child are dead” (Matt 2:20).

Thirty years later, while Pilate was contemplating the fate of Jesus, he receives this message from his wife, “Have nothing to do with that just man, for I have suffered many things in a dream today because of Him” (Matt 27:19).

And here’s a big secret:

Modern Day Scientists Do NOT Want You To Find Out!

Did you know that the great composer Mozart received many of his most glorious compositions through dreams?

Or that **Robert Louis Stevenson** struggled for days over a short story that refused to take shape until a dream transformed it into the classic “Dr. Jekyll and Mr. Hyde?”

Or that Dmitry Mendeleev, a brilliant 19th century chemist and physicist recreated the Periodic Table during his waking hours after it appeared to him in it’s entirety in a dream? That particular dream signaled the beginning of modern Chemistry!

Or if **Dr. Jonas Salk** had chosen to ignore his dreams, the polio vaccine might never have existed?

Did you know that dreams inspired everything from Elias Howe’s invention of the sewing machine to Thomas Edison’s invention of the **light bulb**?

And here’s possibly...

The Biggest Shocker Of All ...

Did you ever know that the *Theory of Relativity* came to Einstein *in a dream*? Just to make sure we are on the same page, this particular scientific breakthrough was responsible for many historic inventions such as the atomic bomb, among many others.

In her book, “Wake Up to Your Dream” Sandra Collier discussed how dreaming affected Albert Einstein.

Hear Einstein himself tell his dream:

“I was sledding with my friends at night. I started to slide down the hill but my sled started going faster and faster. I was going so fast that I realized I was approaching the speed of light. I looked up at that point and I saw the stars. They were being refracted into colors I had never seen before. I was filled with a sense of awe. I understood in some way that I was looking at the most important meaning in my life.”

Years later, Einstein said, “I knew I had to understand that dream and you could say, and I would say, that my entire scientific career has been a meditation on my dream.”

Whoa! That’s from the man acknowledged as *the greatest scientist* who ever lived!

Let me ask you a question:

“Do you even bother with your dreams?”

Did you know that ...

The Secrets of Your Greatness May Have Been Given to You Already in Your Dreams?”

Or (*this is a scary one*)...

“Do you ever consider that many times you have even received warnings in your dreams... and due to lack of understanding you may have unknowingly allowed some nasty things to happen to you?”

The President’s Case

A few days before he was killed, Abraham Lincoln said that he was impressed by the number of prophetic dreams in the Bible.

When his wife asked him why he’d brought this up, Lincoln related a dream he just had.

He was wandering through the halls of the White House trying to find out where the sound of weeping people was coming from. His search led him to the East Room where he saw a coffin lying on a platform, guarded by soldiers and surrounded by a throng of mourners.

“Who is dead?” he asked in the dream.

“The president, killed by an assassin” was the answer.

The loud grieving sobs of mourners finally awoke Lincoln from the dream.

We all know the rest of the story... Lincoln was killed by an assassin’s bullet a few days later.

What Dreams Are You Ignoring?

In our e-courses, I teach from a Biblical perspective and in simple-to-understand language:

How to recognize good and bad dreams

How to understand your dreams

the 9 dreams that bring riches, success and promotion

how to bring your good dreams into manifestation

how to cancel bad dreams through prayers

how to stop bad dreams

and much, much more

There are dreams that signify greatness, prosperity, abundance, wealth, great relationship... and there are ways to bring them into manifestation through --- PRAYER!

You'll see real life examples of famous people and the dreams that opened the door to success, peace and prosperity.

The greatest discovery for you reading this...

May just be what happened to **Christopher Columbus**, the man who discovered the NEW WORLD.

He dreamed he heard someone speak to him with the message,

**"GOD will give you the keys of the gates to the ocean,
which are closed with strong chains!"**

The dream inspired him to pursue his scheme for a voyage westward...

He went ahead to break the boundaries of traditional navigation and discover **AMERICA**.

Ask yourself This Question:

Is it possible that GOD has already given you the key to your own ocean of wealth, health and happiness... in your dreams?

And you did NOT recognize it?

Onwards ...

Dream Symbols and their meanings

Right here, I will outline some dream symbols and their meanings only to give you some basic interpretation of those dreams.

A lot of these may appear illogical to the mind but these are spiritual realities.

So many people are suffering the consequences of attacks that started in the dreams.

Many financial and health problems that some are struggling with today can be traced to some strange dream experiences in the past.

40 Common Dreams

Have you had them? Are you still having them even NOW?

1. **Water Dreams I...** when you see stagnant water in the dream, this represents lack of the moving of the Holy Spirit in your life. It also means lack of progress. You need to review your spiritual life and pray against the spirit of lukewarmness.
2. **Hair** – represents the glory of God. If you find your hair removed or shaved in the dream, you should address it aggressively. It means your glory has been spiritually withdrawn.
3. **Traveling on an endless journey** – person is engaged in unprofitable endeavors.
4. Being **driven by unknown persons** to an unknown destination – this represents a confused and profitless life. Ask the Holy Spirit to unseat all unprofitable drivers and make His way plain for you.
5. **Doors closing before you enter** – this represents the spirit of “almost there”. You need to begin serious praying against blockages at the edge of miracles
6. The following dreams indicate that one is under the attack of the spirit of **poverty, debt and financial hardship**
 - 7 spending money lavishly
 - 8 seeing yourself buying things especially after a financial miracle
 - 9 wearing rags or tattered shoes
 - 10 walking around barefoot
 - 11 having products you are not able to sell
 - 12 seeing your property being auctioned
 - 13 seeing your pocket or purse leaking
 - 14 lost substantial amount of money and never found it
 - 15 thieves breaking into the house and stealing things
